Without uber in SC, you are guaranteeing more drunk drivers on the roads. South Carolina needs uber.

Hi,

I am emailing you in regards to Uber. I do not think it is okay to shut them down. Personally I feel safer riding in an Uber than a local taxi cab. My choice to taking Uber over taxi's is also due to a lower fair wage and drivers who can speak English.

Thank you,  
Kate Livingston

I am a satisfied customer of uber here in South Carolina and urge you to allow them to operate freely. As a business owner I have about had it with the political games played in sc for those who are buddies with leaders in Columbia. Free open enterprise will create more prosperity in the state than central planning and monopoly protections. I will be watching the progress in this matter and personally am considering moving to a more favorable business climate state if necessary.

**Subject:** UBER

Bring Uber back to SC. It has provided me a safe way home many times in Greenville, SC. I also have friends that are Uber drivers and rely on the service for income.
